A FEW WORDS ABOUT US.

Sundaram surgical was established in the year 1987 by Mr. R.GNANAGURU . We are manufacturing of Surgical Dressings, Industrial Fabrics and Cotton Fabrics With 32 years of experience. We are one of the well known names in surgical dressing items and other product lines.

We own a spacious factory in Rajapalayam, Tamil Nadu area of 40000sq.ft. and have incorporated world class production methodologies, needed for efficient production. The production capacity of our manufacturing unit is 1000000 meters.

Our products are Absorbent Gauze, Bandage Cloth, Roller Bandages, Gauze Swabs, Cut Gauze, Lap Sponges , Gauze Roll, Gamjee roll & Gamjee pad, Combine dressing pad, 4 ply roll.

Our team comprises of management & administration professionals, quality analysts, sales executives, weavers and other skilled and unskilled workmen. With their constant efforts, we are able to manufacture the most qualitative range. We intend to put forward high quality products with 100% pure cotton raw materials for medical industries that we cater to.

We procure premium quality cotton yarns from reliable vendors and spinning mills. After that this material passes through various stages like Warming & Sizing(We use warp Knitted machines for efficient warping process), Weaving(We weave both industrial fabrics and medical gauzes) till it transforms into the desired finished product.

The bleaching process is done as per the Pharmacopoeia Standard. Throughout the process, the cloth is kept untouched by hand. After the bleaching process is completed the products are sent for the drying process

We continuously implement latest technologies and methodologies to create innovative, durable and safe products, which are acquired by global corporate houses. Backed by our full fledged R&D unit, we present a comprehensive and efficient collection enclosing numerous product categories. Our assortment of products serves the needs of a wide spectrum of end-users including Health Care, Industries and Whole sellers. Our products are well known for its

- Hygienic
- Safety
- Durability
- Reliability
